

COOLERS

IP65L COOLER

IP 65L - VOLUME 65 LITERS

The IP 65L Cooler is built with commercial quality in mind and designed for everyday recreational use. Rotomolded construction and two inches of high pressure injected polyurethane gives this cooler extreme durability. Needless to say this cooler is built to last a lifetime. Product available in three colors.

	OUTER DIMENSIONS	INNER DIMENSIONS
LENGTH	32.3IN / 82.04CM	26.3IN / 66.8CM
WIDTH	17.8IN / 45.21CM	12.3IN / 31.24CM
HEIGHT	18.1IN / 45.97CM	13.4IN / 34.04CM

BENEFITS

- Strong design to keep contents safe.
- Holds up to 42(355 ml) cans with a 2:1 ice to can ratio.
- Used in applications where direct food contact is required.
- A freezer-quality gasket circles the length of the lid to block out the heat and lock in the cold.
- Built-in leak proof drain.
- Fade resistant to ultraviolet light (UV).

APPLICATIONS

Designed for recreational use –fishing, hunting and camping.
